## About Barriere

Barriere Construction Co. is a family owned, third generation operated business that has been working in Southeastern Louisiana for over 55 years. We have earned our reputation as a safety-first, on-time, on-budget resource for heavy, highway and civil construction. Our Southshore Construction Division is well equipped with a large fleet of heavy earth moving and specialized paving equipment. We are capable, versatile, and ready to meet the construction needs of our customers.

We provide quality construction services to commercial, municipal, industrial, and governmental markets. Our Southshore Construction Division specializes in infrastructure operations varying from subdivision construction with large drainage packages to multi-million dollar highway and levee projects. Our project management teams provide value-engineering solutions, excellent communication with our customers, the ability to fast-track construction projects, in-depth project pre-planning and scheduling for large projects, and an honest and dependable work ethic.

Our company is dedicated to providing our employees with a safe and rewarding work environment, fair wages and excellent benefits. We put a strong focus on training, health management, and communication while encouraging our 350 full-time employees to respect our environment by being good corporate citizens.

We take pride and ownership in the operation and maintenance of our equipment, plants, offices and facilities. Our Total Process Reliability program has given our supervisors, equipment operators, and crew members a standard for excellence in regards to equipment and plant maintenance.

Barriere Construction Company has an excellent safety record, dedication, integrity, consistent financial stability, and a large bonding capacity.

## Our Services

Grading and Earthwork

Water

Sewer

Drainage

Concrete Paving

Concrete Foundations

Pile Driving

Base and Soil Stabilization

## Equipment Fleet

The average age of our Equipment Fleet is 3 years old. The uptime of equipment is 92%. We use an Enterprise CMMS (Computerized Machinery Maintenance System) to track our maintenance and schedule, that is tied in directly to our contracted repairs company LA Machinery/ Caterpillar.

At Barriere we employ a TPR (Total Process Reliability) program for our equipment and tools. Our focus is not just on Corrective Maintenance but Preventative Maintenance and we work diligently to keep our maintenance on schedule.

38% of our equipment is tied to a Maintenance and CAT product link (GPS).

Qty.	Equipment and Description
18	Bulldozers (70 - 185 Horse Power)
28	Excavators- Mini to 50 ton weight class
6	Motor Graders- 10' to 14' Blades with Scarifiers
8	Articulated Wheeled Loaders & Tool Carriers- 2 to 7 yard buckets w/ several attachments
28	Rubber tire Backhoes- all with multipurpose buckets and 4 with 900 lb. class breakers
11	Skid steer loaders
6	Base Rollers- 66" to 84" drums
4	Sheep foot Rollers- 66"-84" drums
2	Reclaimer and Soil Stabilizers- 500 and 650 Horse Power
6	Water Trucks 2000-4000 gallon
2	Off Road Water Wagons- 6000 gallon
1	Road Widener
5	Brooms
1	Concrete Paver 8" to 24" wide
2	Curb machines- concrete
3	Fork Lifts
1	22 ton Cherry Picker
1	50 ton Crane / lifting and pile driving
