SAFELY, ON BUDGET, AND 50% AHEAD OF SCHEDULE

37 J-TURNS + 80,000 TONS ASPHALT + 11 MILES OF MILL & OVERLAY

11,000 SY CONCRETE + 120,000 CY EMBANKMENT + 4,600 LF DRAINAGE

PARTNERSHIP

- Prioritized goals and clearly communicated with the LADOTD.
- Subcontracted drainage experts to move our team in quickly.
- Up to 80 Barriere employees working simultaneously in teams.

PROFESSIONALISM

- Effective traffic control ensured access to businesses.
- Production goals set at consistent, predictable levels.
- Quickly addressed concerns and provided solutions.

OPERATIONAL EXCELLENCE

- Saved $300,000 by working with materials best suited to the job.
- Completed in half of contracted time despite 2 additional J-turns.
